RING SIZE GUIDE

Before measuring your ring size, be sure this guide is printed in A4 size and scaled to 100%.
You can check the accuracy of your print by positioning a credit card on the line below. If the card lines up, you're all set.

We strongly recommend that you visit a jeweller to determine your correct size. The below is a guide to find your ring size. Use an existing ring that fits you well, match the inside of that ring with one of the circles below.

When your ring has been placed on that right size you should see only the cream circle inside your ring.
If your ideal fit falls between two sizes, we recommend choosing the larger size.
